For pre-final and final-year students · 90 minutes · In person, delivered in college · Maximum 75 students

WHAT IGNITE ADDS	FIRST ENGAGEMENT	FUTURE SESSIONS
A practical layer beyond aptitude, technical, résumé and interview preparation	COMPLIMENTARY One 90-minute session Maximum 75 students	INR 35,000 + applicable taxes Per 90-minute session Maximum 75 students
SESSION FORMAT Ignite is deliberately kept interactive. Maximum 75 students per session. For larger student cohorts, multiple Ignite sessions can be scheduled.	TRAVEL & ACCOMMODATION For sessions requiring travel outside Bengaluru, travel and accommodation are to be arranged or borne by the institution. This applies to both the complimentary first engagement and all future sessions.	

Why a complimentary first session?

We want the institution and its students to experience Ignite before deciding whether it should be brought back for additional cohorts. After the session, the institution receives student feedback and a brief outcome snapshot to support that decision.

THE 90-MINUTE EXPERIENCE

01 Placement readiness Recognise what you bring, find evidence in your experiences and practise communicating it.	02 Career readiness Work through realistic workplace situations and reflect on the behaviours that matter after placement.	03 Action Choose one area to strengthen, one meaningful action and a completion date.
